The proprietors of the Eckford Line would particularly call the attention of the Merchants of Wisconsin, Illinois, and other Western and South-western States to the superior facilities of their line for transportation to and from, the ports on the Upper Lakes. The above line of Steamboats runs direct to our Dock, at Buffalo, and all goods contracted by this line for the Upper Lakes will be shipped (unless otherwise ordered or contracted) by *Steamboats*, (not Propellers) with but one, or possibly two exceptions. The Eckford is the only Line not interested in, or committed to, a Propeller Upper Lake Line; and in endeavoring to sustain a line of *Steamboats* on that route, the Proprietors hope to receive the support and patronage of the Merchants of the Western States, when interest demands the continuance of a line of such a class of Boats. Boats leave New York and Buffalo daily.

Refer to L. J. Higby, Thomas P. Williams, and Kellogg, Strong & Co., Milwaukee.

THE undersigned would respectfully solicit the attention of dealers in and consumers of Coal in Milwaukee to our Card, as above. The Bolivar Coal is unquestionably superior to any other mined in Ohio, for Grate, Blacksmithing, Machinery, or Domestic purposes; and for Steam purposes, is superior to any except Briar Hill. It is peculiarly well adapted to Shipping, as its extreme hardness renders it capable of bearing any amount of handling, without waste. It can be afforded considerably cheaper than Briar Hill, and for most purposes, is better.

It is our wish to introduce the article, and we respectfully solicit orders, confident that a trial is only necessary to convince any of the truth of the above assertion.

THIS Company offers unrivalled facilities for the Insurance of Buildings and Personal Property against fire. The advantages offered are security beyond the reach of circumstances, as the real estate insured is by law bound for the assessment made to cover losses beyond the power of evasion. Every person insured is a member of the Company, and entitled to one vote. The cost of insurance does not exceed one-third as much as in Stock Companies, saying nothing of the increased security and the incomparable ease with which losses are settled. During the last five years, this Company have issued 2800 Policies, and made but three assessments at a cost to the property insured, not exceeding two mills on the dollar. THE subscribers, thankful for past favors, beg leave to announce that they have recently added the FOUNDRY business to their former occupation of Mill Stone manufacturing, and are now prepared to supply the public with articles in either branch, on terms that will defy competition.

In offering our Stoves to the community, we do so with the full assurance that we can supply better articles than can be purchased at any other place, being entirely new patterns, manufactured with care and from the very best materials. The following list of patterns is offered with the confidence that they will give satisfaction in every particular, viz:

THE ECONOMIST
DOUBLE OVEN COOKING STOVE,
(*Which received the First Premium at the State Fair, lately held at Janesville.*)

Possesses great advantages over every other stove, for plain flues and direct application of heat, being so arranged that one or both ovens can be used at pleasure. It will cook in half the time of any other stove now in use, and with but half the fuel, not consuming over four cords of wood in one year.

The TRIUMPH, single oven, takes in long wood, is an excellent stove—one that has been well tested, and given general satisfaction.

The PREMIUM is different in its construction from any other made, in the arrangement of the fire back—acknowledged to be a great improvement.

The JUNO PARLOR is adapted to either wood or coal, being decidedly the neatest arrangement ever offered to the public, having all the convenience of the stove combined with the beauties of the open grate. It is beautifully ornamental, highly finished, and perfect in every respect—the entire front above and below the grate being opened or closed with three doors, and so arranged that when open they are completely out of sight. It is equally adapted to offices as well as parlors.

The RADIATOR is the best coal stove ever got up as a retainer of heat.

Persons purchasing their stoves of us, in the event of any of the plates getting broke, can at all times be supplied with extra ones, thus superceding the necessity of throwing away stoves, which many are daily compelled to do in buying Eastern ware.

Those who are in want of an article in our line, will find it to their advantage to give us a call, before purchasing elsewhere, as we are confident that we can give satisfaction in all cases. City references given, where our stoves can be seen in operation. Stoves delivered and set up in any part of the city, free of charge. All orders promptly attended to.

WINFIELD SCOTT.

[Suggested by reading the Hon. J. M. CLAYTON'S Speech, on the nomination of General SCOTT, as a candidate for the Presidency.]

Go, ye who trace all patriot worth,
And deeds of valor done,
To him, our Nation's earliest pride,
Our idol Washington!

Go stand beside him in that hour,
When at his feet were laid
The symbols of imperial power,
By hearts his love had swayed;—

By peasants from their peaceful homes,
And warriors from the field;
When Kings looked forth from palace halls,
To see the patriot yield!

Go feel with him the throb of pride,
That only HE can feel,
Who boldly fronts the cannon's mouth,
And bares his breast to steel,—

For her, his country, lov'd and wrong'd,
And then unmoved can see
The crown and sceptre at his feet,
For joy that she is free!

Go trace the Hero's blameless life,
On history's glowing page,—
'Tis but the brilliant prototype
For one of later age!

Lo, proud but conquer'd Mexico,
Upon the ensanguin'd plain,
A Hero stands, with bloody sword,
Amid the thousands slain.

From ev'ry bold, embattl'd height,
Between him and the sea,
The starry flag in triumph floats,
Proud emblem of the free!

The city, with its glittering domes,
And halls of kingly pride,
Hath lain her standard at his feet,
And oped her portals wide!

And now she hails the victor chief,
Her conqueror and lord;
And proffers, in the Nation's name,
Her diadem and sword!

What means that flush of pride and scorn,
That lights the warrior's brow?
But late his weary hands hung down,—
Why point they upward now?

"I AM COLUMBIA'S SOLDIER BORN,
AND WHILE HER BANNERS WAVE,
BENEATH THEIR FOLDS MY HOME SHALL BE,
THERE WILL I MAKE MY GRAVE!"

Go, not for valor's sake alone,
Columbia, love thy son,
For blood poured out in thy defense,
Or victories he hath won!

But for that pure and stainless faith,
The love, the patriot glow,
That fired his heart in foreign climes,
Amid a conquered foe!

That look'd to thee with steadfast trust,
When thy mistaken power
Had torn the laurels from his brow,
In victory's proudest hour!

That spurn'd a Nation's proffer'd wealth,
And to thy banner turn'd;
That banner, 'mid whose flashing folds,
The stars of glory burn'd!

O, doubt not—he who placed it there,
In battle's fearful roar,
Will guard its honor on the seas,
Or on his native shore!

Then for the love he bears for thee,
Columbia trust thy son;
Give love for love, and let him be
Thy second Washington!

Gov. Graham and Religious Tests.

Several of the Democratic presses, perceiving that their candidate for the Presidency is likely to be prejudiced by the odious religious test in the Constitution of New Hampshire, affect to believe that Gov. Graham, the Whig candidate for Vice President, is not as tolerant as he should be, and one of them has even gone so far as to declare that Mr. Graham was opposed to the reform in the Constitution of North Carolina by which a similar restriction was abrogated. We have inquired into this allegation, and find that more than the contrary is true; that Gov. Graham, so far from favoring any such relic of persecution, was one of the most active of the public men of the State in procuring its repeal. He was elected to the Legislature the advocate of a convention in 1833. The friends of a Convention advocated it, among other reasons, upon the ground that the religious test should be abolished. In an address to the people, dated June, 1833, while the election of Gov. Graham was pending, they declared that it was "a disgrace to any free people to tyrannize over the consciences of others," and pronounced the obnoxious provision "an odious restriction upon conscience." At the session of 1833 Mr. Graham was one of the chief advocates of the Convention bill, in favor of which his vote was recorded, although the measure failed. By a meeting of its friends immediately thereafter, at the seat of Government, he was appointed a member of a committee again to address the people of the State in favor of constitutional reform. This address, signed by Wm. H. Haywood, Jr., Wm. A. Graham, &c., and dated January, 1834, treats of the religious restriction as follows:

"The thirty second article of the Constitution excludes from civil office all who may deny the truth of the Protestant religion. This has no practical effect, for the plain reason that there is no tribunal established by the constitution to determine a man's faith. It is an odious badge of prejudice, which the enlightened liberality of the present day should scorn to wear. It is an unjust imputation against the Catholics of this State to attach to them any such disqualification. The patriotism, personal virtues and ability, and the disinterested public services of a single individual in the State, brand with falsehood the idle fears that are implied by this paper restriction. How far it is consistent with the spirit of Protestantism itself; how far it is compatible with the bill of rights, which declares 'that all men have a natural and inalienable right to worship God according to the dictates of their own conscience,' we leave to that bigotry which would perpetuate this stigma."

The Judges of the higher Courts in North Carolina are elected by the Legislature. At the session of 1833 a vacancy had occurred by the death of Chief Justice Henderson. The late Hon. William Gaston, an eminent Catholic, was at the head of the profession in the State, and by the admission of all was best qualified for the station. It being understood that Mr. Gaston, upon a recent examination of the question, was of opinion that the restriction in the Constitution, by the rules of construction applicable to penal and disabling provisions upon the power of the people and the Legislature, did not exclude Catholics from office, and therefore had no scruples of concience against accepting, Gov. Graham united with other friends in urging it upon him as duty to accept the vacant place on the Bench, to which he was elected with general approbation.

In the course of the ensuing year, the acceptance of Judge Gaston having exposed him to uncharitable remarks, he prepared an article on the religious test in the Constitution, which he transmitted to Gov. Graham in the following letter, and which was read by the latter gentleman in a speech in the House of Commons, on the bill concerning a Convention at the session of 1834:

NEWBERN, Nov. 12, 1834.

"MY DEAR SIR: I have heard that some dissatisfaction had been expressed in certain parts of the State at my having accepted a judicial office under the existing Constitution. Perhaps the matter is not deserving of any notice on my part. But, as next to the approbation of my own conscience, I prize the good opinion of the upright portion of the community, and as possibly some of these may have misconceived my motives in the act alluded to, I have concluded to make a short statement of them, which you will find enclosed. I leave it entirely to your discretion to show it to whom you think proper.

"I beg of you to believe me, with respect and affection, your friend, WILLIAM GASTON."

"WILLIAM A. GRAHAM, Esq."

At this session "an act concerning a Convention to amend the constitution of the State" was passed, Gov. Graham advocating and voting for it. It conferred power on the Convention, (if the people should by popular vote determine in favor of the measure,) among other things, to alter or abolish the religious test contained in the thirty-second article. The Convention assembled in June, 1835; Judge Gaston was a member, and the admirers of purity, ability, genius and eloquence, will long remember his great speech on the proposition in favor of religious freedom. In this he declared that, by his construction of the constitution, he supposed Catholics not to be excluded, and therefore from a sense of duty had accepted the office he held; but that the Convention had it now in its power to remove all doubt and that if they failed to make it plain by amendment, he should forthwith resign. The amendment prevailed, and the State enjoyed the benefit of his enlightened judicial labors until his death, many years thereafter.

Gov. Graham was in ill health during the canvass for seats in the Convention; was not a candidate, and of course not a member of the body. His previous action on the same subject, however, shows what would have been his course in regard to religious freedom had he been in the Convention. Judge Gaston, in his speech already mentioned, refered to the liberality of Gov. Graham, as shown by his action in the Legislature, and in addressing the people of the State, and contrasted it with the narrower views of a member who had been returned from his county.

Indeed, his elevation and generosity of character proclaim him one of those who need no antecedents or proofs to show what would be his course on a question of political or religious freedom wherever he is known.

"England may rely upon GEN. PIERCE for effectual co-operation.—*Manchester (England) Examiner.*

"*The primary question for the United States in the election, as it is for ourselves in the electoral contests of this week, is the national sanction, and inviolable establishment of Free Trade. The triumph of the candidate of the Democratic party; brought forward by the men of the South, will secure, probably for ever, the ascendency of liberal commercial principles. In this respect, and on this point, we take Gen. Pierce to be a fair representative of the opinions of Mr. Calhoun, and, as such, a valuable practical ally to the commercial policy of the country. Gen. Pierce has our best wishes for his success.*"—London (England) Times, July 6, 1852.

The nine or ten millions of Irish, who by that time will have settled in the United States, cannot be less friendly to England, and will certainly be much better customers to her than they now are.*"—London Times.

Resolved, That the Convention does not confer on the General Government any power to commence and carry on a general system of Internal Improvements.—*Baltimore Democratic Platform.*

"Look at that list! On one side, in favor of the measure, you will see all the Northern votes, with the exception of a few ever-faithful and never-too-much-to be honored Northern Democrats. Among these last, our eye rests *with inexpressible pleasure* upon the name of HARRY HIBBARD, of New Hampshire, and the friend of FRANKLIN PIERCE; and, we believe, the Representative of his District. A little lower down is that of PEASLEE, another Granite State Democrat. With Hibbard, Peaslee and Jackson, stand nearly every Democratic member of Congress from the South."—*Savannah Georgian* on the River and Harbor Bill.

"This bill is the first of the sort that has been passed for a long time, and *it will be the last for four years at least.* FRANKLIN PIERCE will come into power on the 4th of next March. A strict construction and respect for the constitution is the Medean law of the Democratic party; and Mr. Pierce, besides that general reason, *is bound by every idea of consistency, and by every fact of his past career, to veto every bill like this.* He will do it, if they are presented to him, JUST AS SURELY AS THERE IS A SUN IN THE SKY."—*Richmond Examiner,* River and Harbor Bill.

POLITICS ON THE BENCH.

A correspondent in Saturday's Morning *News* states very frankly, the reasons why a party ticket for the Supreme Bench was nominated at Madison and why it is incumbent upon all true party men to sustain the nominations so made, without regard to the character or qualifications of the candidates. The ideas of this champion of regular nominations for Judicial offices have a smack of originality, if not of merit, about them, which deserves at least a passing notice. We therefore extract a portion of the article and commend it to the attention of our readers, Whigs and Democrats:

"But the question again returns, are the benefits derivable solely from the *enactment* of useful laws and the proper disposition of questions of general policy; or are the proper and democratic interpretation and execution of the laws of equal importance? Let no man sneer at what I call the 'Democratic *interpretation*' of the laws. There is more in those two words perhaps than meet the eye of every man. If there are not constructions of the laws possible for and against liberty, for and against the rights of the masses as contradistinguished from the rights or interests of the aristocratic few; for and against the rights of the poor and ignorant, then tell me why in every liberal government under the sun is a Bench of Judges found, sitting side by side with a body of Legislators to restrain their aggressions upon fundamental principles, and give their acts a reasonable and equitable intendment?

* * * * * *

"Now, I am by no means devoid of respect for the masses of the whig party or of sympathy with some of their principles, but I can see clearly that in all of the classes of cases above named, there must be, and I will add there will be, a mass of legislation to which a bench of Whig Judges would give one construction and operation, and a Democratic Bench quite another. Let no man say that party has nothing to do with the constructions of the law. If not why do they elect them by the people? If the majority of the people of Wisconsin are whigs, let them elect Whig Judges certainly, and if Democrats, let them elect Democrats."

Here is no mincing of the matter. The People of Wisconsin are called upon to *elect Party Judges for Party's sake.* They are told by the champions of the "regular" ticket, that there are *two* "interpretations of the laws," and that it is the duty of the political majority in the State, be it Whig or Democratic, to elect Judges whose interpretation shall conform to the political standard of the dominant party! This is frank at least. The People of Wisconsin can now understand the entertainment to which the party managers invite them. The Constitution indeed under which they live, and which derives its sanction and authority from their votes, sets apart a day for the election of Judges upon the sole and sufficient ground of preserving the Bench, so far as may be, from the contaminating influences of politics. The People themselves, by their votes in *eight* successive Judicial elections, have ratified this "interpretation" of the fundamental law, by declaring, *in every instance,* save one, *against* party nominations for Judicial offices. But notwithstanding all this, the little Regency who rule and have well-nigh ruined the Democratic party in this State, insist upon making party nominations for the Supreme Court and summon all who call themselves Democrats to support this ticket on pain of excommunication from the political church. And the party press bases its advocacy of these party nominations for the highest Judicial Tribunal in the State upon the avowed ground that it is necessary to secure a "Democratic interpretation of the laws" as distinct from a Whig construction. It is safe to assume that they are in earnest in this course and that they have nominated their ticket with *special reference* to this object. What say the People of Wisconsin to this cool proposition to elect Judges who shall give a party construction to the laws of the land? Can it be that they will yield their assent to so monstrous a proposition? Are they prepared to submit the Courts of law to the supervision of party caucuses and packed Conventions? Are they ready to invest the Madison Regency, utterly corrupt, reckless and unprincipled as it is known to be, with sole and supreme control of the Judiciary of this State? Will they consent, in a word, to make Party the supreme arbiter of life, liberty and property within the limits of Wisconsin? *This* is the issue to be determined on the 27th of September.

The "Janus Faced" Party.

The supporters of PIERCE and KING, conscious of the intrinsic weakness of their cause and candidates, resort to various subterfuges to prop their decaying fortunes. One of these characteristic tricks, which has not even the questionable merit of novelty, is about to be played off in Pennsylvania. The Democracy of that State are invited to assemble at Reading, in grand mass meeting, on the 4th inst., under the following call:

"Friends of the Union and of the Constitution—Disciples of Jefferson and Jackson—opponents of the Whiggery Humbugs of Gunpowder, Soap, and Coon Skins—*advocates of Protection to Agriculture, Commerce, and Manufactures*—all who go for the common brotherhood of the North and the South—come one—come all—to ratify to nomination of the patriots, Pierce and King."

Pennsylvania, it is needless to say, is a Tariff State, and therefore in Pennsylvania, "Democracy" puts on a Tariff mask and clamors for "Protection." Precisely the same game was attempted, and but too successfully, in 1844. The celebrated "Kane letter" was prepared and published with the single view of *cheating* the People of Pennsylvania into the belief that JAMES K. POLK was as good a Tariff man as HENRY CLAY! It was under this glaringly false pretence that Mr. POLK obtained the electoral vote of Pennsylvania and by it the Presidency. And now it is attempted to repeat this gross fraud and to carry the Keystone State for an avowed and uncompromising British Free Trader under the specious cry of "Protection to Agriculture, Commerce and Manufactures!"

Nor is this the only instance of double-dealing and cheating play, on the part of the PIERCE men while the pending contest exhibits. Precisely the same fraud is practised in regard to Internal Improvements. The platform of the Pierce party denies the right of Congress to commence or carry on a general system of Internal Improvements. Mr. PIERCE, in accepting the Presidential nomination, warmly endorses that platform and boasts that not a single act of his life can be found in conflict with it. The democratic majority in both Houses of Congress vote dead against the River and Harbor Bill, and such genuine Democratic organs as the Richmond *Examiner,* Savannah *Georgian, &c.,* point exultingly to that vote as proof that the party is sound on this question, and dwell with peculiar unction upon the fact that *every Democratic member from New Hampshire* voted *No,* as conclusive evidence that Mr. PIERCE, if elected President, "*will veto all such bills as surely as there is a sun in the sky!*" One would suppose that these facts left not a shadow of doubt as to the actual position of the so-called Democratic party on the great question of Internal Improvements. Their Platform, their Candidates, their Resolves and their *Votes,* are all against the Measure. And yet, in spite of all this, in the very teeth and eyes of these votes, resolves, pledges and platforms, the organs of the PIERCE democracy in this quarter not only claim to be *the* Internal Improvement party, but actually arrogate to themselves the entire merit of having passed the River and Harbor Bill.—Nay more; to give color to this claim, they *suppress the vote* by which that bill was passed, and scruple not to impose upon their readers the wanton falsehood that it was the "democratic majority" who did it! It may be that this gross and palpable fraud, this infamous juggle, will deceive a few of the more credulous readers of these Pierce organs, but we are indeed mistaken in the intelligence of the American People if any considerable number can be won, by such arts and appliances, to vote for the "embodiment" of the narrow-minded, intolerant, proscriptive "democracy" of New Hampshire."

THE TEST.

Since 1849, two efforts have been made to amend the Constitution and abolish the religious test, and the Whig towns voted *for* it in mass, while the Locofocos voted the other way.—*Sentinel.*

A grosser falsehood than the above has not been perpetrated during the present campaign. We do not mince matters, but call the unfounded statement by its right name.—*Morn. News.*

If *calling* a statement a "falsehood," would make it so, the *News* would have an easy task of it for the next two months. It is already perfect in this parrot-like cry, but unfortunately cannot deceive its own readers by its persevering asseverations. The paragraph from the *Sentinel,* which the *News,* with desperate hardihood, brands as false, is *true to the letter,* and the *record* proves it. The "two efforts" to abolish the proscriptive test in New Hampshire, were made in 1851 and 1852. On both occasions the Democratic party were largely in the ascendant in the State, and on both occasions *a heavy majority was given against abolishing the test.* No degree or desperation of partizan effrontery can deny that fact, and it is a *clincher.* In both these instances too, the Whig towns voted *for,* and the Democratic towns *against* abolishing the test. We again republish the vote of the State, and defy the *News* to disprove the correctness of these figures:

	1851.	1852.
For abolishing test,	13,575	9,566
Against " "	24,971	12,092

On the latter occasion the vote cast for the Democratic candidate for Governor was 30,307, and the vote for abolishing the test only 9,566! Even supposing that these were all democrats it shows that more than *two-thirds* of the democratic voters who attended the election *purposely abstained* from voting to do away with the test.

They had the power to abolish the test *but wouldn't exercise it.* Had they polled their full vote (30,807) it would have been sufficient, without the help of a single Whig, or Free-soil vote in the State, to have swept the test from the New Hampshire Constitution, for there were but 12,092 votes cast to perpetuate this illiberal provision. No wonder the *News* squirms under these facts. No wonder that it struggles convulsively to rid its party friends in New Hampshire of the responsibility for the test. But the facts confound its averments; the votes give the lie to its professions. NEW-HAMPSHIRE, with a large Democratic majority, retains the Anti-Catholic test in her Constitution. NORTH CAROLINA, a true Whig State, has expunged a like illiberal provision from her fundamental law. Mr. PIERCE, the "embodiment" of New Hampshire Democracy, is the Democratic candidate for the Presidency. Mr. GRAHAM, the representative of North Carolina Whiggery, is the Whig candidate for Vice-President. Friends of Equal Rights and Religious Liberty, choose ye between them!

☞ Why don't the *News* publish the vote on the Harbor and River Bill? Can any body tell? —*Sentinel.*

In the House the vote stood (the last we have seen) 112 to 56; in the Senate, 32 to 23. Satisfied?—*Morning News.*

Certainly—"satisfied" that you *dare* not publish this vote. Indeed not a single PIERCE paper in the State dares venture upon the dangerous experiment of letting its readers know who voted for and who voted against the River and Harbor Bill! The publication of the acts, proceedings and votes of Congress is one of the duties which the press owes to the People; but so far as the Yeas and Nays on the Harbor Bill are concerned it is a duty which the PIERCE press are afraid to discharge. They *suppress* the vote lest their readers should find out from it that ☞ *a majority of the Democratic Members in both Houses of Congress voted against the River and Harbor Bill.*

☞ Steam navigation is nearly suspended on the Illinois river. They are polling freight out in flat boats at the rate of $1,50 per 100 lbs.—*Galena Gazette.*

A RAIL ROAD TALK.

By invitation of BYRON KILBOURN Esq., some two or three hundred of our leading citizens met together at the American, on Friday evening last, to talk over the general subject of Rail Road enterprises and the duty of the city in regard to them. MR. KILBOURN opened the ball in a lengthy, but succinct and exceedingly interesting narrative of his own connection with the various works of improvement which have been projected or commenced here since he first came to Milwaukee in 1835. He dwelt at some length upon his acts as one of the principal parties in the Rock River Canal enterprize, and entered still more minutely into an account of his stewardship as late President of the Milwaukee and Mississippi Rail Road Company. He did this, he said, with a view to disabuse the public mind, so far as he could, of sundry misapprehensions in regard to himself, which had grown up in the course of years and were received by many as actual truth. Having spoken fully and earnestly in vindication of his own acts and motives in times past, Mr KILBOURN proceeded to lay before the meeting some strong and well-digested arguments in favor of loaning the credit of the city to the Milwaukee and La Crosse, as well as the Lake Shore and Fond du Lac Railroads. And having closed a really able and interesting speech, he invited all who might be so disposed, to give the meeting the benefit of their views upon the point which he had suggested.

This invitation, after a short time passed in discussing some palatable refreshments, was responded to by several gentlemen, and among them, Judge CHANDLER, Mr. A. D. SMITH, Col. WALKER, Mr. LEVI BLOSSOM, Col. CROCKER and Dr. JOHNSON. It seemed to be conceded by all the speakers that these several Rail Road projects were of vital importance to the city and deserved all the aid and encouragement that it was in our power to give them. The only question, indeed, appeared to be, as to the extent to which the City, in its corporate capacity, should go, and the nature and amount of the security it should exact for the faithful application of the means raised, and the prompt repayment of the interest and principal of the bonds to be issued. The meeting was protracted till quite a late hour, the audience showing no diminution of interest in the discussion and the speakers no disposition to stop talking.—Ultimately, as all things will have an end, the meeting broke up, after passing a resolution strongly favoring Mr. KILBOURN'S project of loaning the City credit in aid of the La Crosse Rail Road; and inviting a public meeting at Market Hall *to-night* to consider and pass upon this proposition. A Committee was also appointed to examine the far-famed Iron Ridge in Dodge County, and prepare and publish a statistical report in regard thereto, and the thanks of the meeting were cordially voted to Mr. KILBOURN for his interesting address and agreeable entertainment.

Milwaukee and Fond du Lac Rail Road.

An adjourned meeting of the Directors of the Milwaukee and Fond du Lac Railroad Company was held in our city on Saturday last to perfect their organization and put this important enterprize in motion. The following gentlemen were chosen officers of the Company:

President. ELIPHALET CRAMER.
Treasurer. ALEXANDER MITCHELL.
Secretary. FRANCIS RANDALL.
Chief Engineer. EDWARD BRODHEAD.

The following Committees were likewise appointed:

Executive Committee. Messrs. Weeks, Wells, Cramer, Walker and Tweedy.
Committee on Subscriptions. Messrs. Walker, Hoover, Eldred, Kneeland, Crocker.
Committee on Right of Way. Messrs. Kneeland, Wolcott, Randall.

The several Committees were instructed to enter upon their respective duties without delay and the Chief Engineer was directed to have a survey and estimate of the route made forthwith. Regarding, as we do, the proposed Rail Road to Fond du Lac as by far the most important enterprize which is now engaging public attention in this city, we rejoice to see that it has fallen into the hands of gentlemen whose names and position in our community afford the best possible guarantee that the trust will be faithfully discharged and the work diligently prosecuted.

☞ We notice among the speakers at the Waukesha democratic meeting, the name of Mr. A. D. Smith, candidate for Associate Justice of the Supreme Court. We do not think that a candidate for the highest Judicial tribunal in the State appears to much advantage at a political meeting. —*Sentinel of Saturday morning.*

The Sentinel is becoming extremely nice. The above is a decidedly new law in the code of Judicial morality.—*Wisconsin.*

Are we to understand from this that the *Wisconsin* approves of the practice of candidates for Judicial offices figuring in political meetings?—If so, it will furnish the People of our State with additional evidence as to the "code of Judicial morality" they may expect from Party Judges.

CONGRESSIONAL NOMINATIONS.—The Whigs of the First Congressional District in Illinois have nominated E. B. WASHBURN of Galena as their candidate for Representative. The Chicago *Tribune* well says that "this is a capital nomination and bound to win."

In the Grand River District, Michigan, the Whigs have nominated H. R. WILLIAMS, of Grand Rapids as their candidate for Congress. Mr. WILLIAMS is an energetic, indefatigable and successful business man, and one of the never-surrender sort of Whigs. He would make a most efficient Representative and we earnestly hope to see him elected.

☞ The *Minesotian* of Aug. 28th, announces the death of Col. JAMES M. GOODHUE, editor of the Minesota *Pioneer,* in the 41st year of his age. Col. GOODHUE was a native of New-Hampshire, and since 1833 a resident of the West. For several years previous to the organization of Minnesota Territory, he resided in Grant County in this State, and edited the Wisconsin *Herald.* For the past three years he has lived in Minesota and, as editor of the *Pioneer,* earned a wide reputation and influence in that Territory. Col. Goodhue was a man of fine talents and kindly disposition and his death will be regretted by a very large circle of attached friends.

☞ In 1849, the Democratic State Convention of New Hampshire passed the following resolution:

Resolved, That we are in favor of a revision and amendment to our State Constitution to such an extent, at least, as WILL FREE IT FROM RELIGIOUS TESTS.—*Morning News.*

Very like. The "democracy" are great on professions. But look at the *acts* of these same New Hampshire "Democrats." In 1852 when they had a chance to free their Constitution from religious tests *not one-fourth of their number voted to do it!* They cast, in that year, 30,307 votes for the Democratic candidate for Governor, while the entire vote to abolish the test was less than *ten thousand!*

☞ The Madison *Democrat* excepts to the action of the Independent Judicial Convention because, amongst other things, three or four of the Delegates from this county "were not elected as such by the People." Yet the same consistent organ insists upon the orthodoxy and regularity of its Party Convention, albeit Messrs. LARKIN, SHAW and COON of this city "took seats as delegates, tho' neither of them were elected as such by the People." The *Wisconsin* is just smart enough to copy the *Democrat's* objection.

Gov. Gaines made a personal attack upon Mr. Bush, of the Statesman. Excellent conduct in an executive.—*Wisconsin.*

He had good democratic precedent for this conduct. Last winter our Lt. Gov. BURNS "sarved out" BERIAH BROWN of the *Democrat.*

RELIGIOUS TESTS.—Read the article in to-day's *Sentinel,* copied from the National *Intelligencer,* showing Gov. GRAHAM's agency in expunging the Anti-Catholic test from the Constitution of North Carolina. Where there's a will, there's a way.—The Whigs of North Carolina, being in *earnest* in this matter, abolished this illiberal and proscriptive test, but the Democratic State of New Hampshire still retains it.

The Steamboat Bill.

We publish below an abstract of this important bill, which has passed Congress. We find the abstract without credit, but believe it to have been prepared for the New York *Express:*

The first section provides that no license shall be granted by any collector to a steamboat until he has sufficient evidence that the provisions of this act are complied with; and if it be navigated without this license, the owners and the vessel itself shall be subject to the penalties contained in the second section of the act to which this is an amendment.

Sec. 2nd enacts that the inspectors of the hulls of steamers, and of boilers and engines, shall see that suitable precautions are taken against fire, that no license shall be granted if any material like to take fire from heated iron be placed at a less distance than 18 inches from the substance likely to cause ignition, unless a column of air and water intervene between the heated surface and the combustible material. But if the structure of the steamers is such that those requirements cannot be complied with without great inconvenience, then the inspectors are allowed to vary therefrom, if they are satisfied it can be done with safety.

Sec. 3. Every steam vessel conveying passengers shall have three forcing pumps, with chambers 3 inches in diameter, one can be placed near the bow, one near the stern and one amidship, each having a well-fitted hose two-thirds the length of the vessel, each pump having a pipe to connect with it, which shall pass through the side of the vessel so as always to be able to supply it with water when afloat. But in steamers not exceeding 200 tons measurement, two of the pumps may be dispensed with, and in those over 200 tons, and not exceeding 500 tons, one of the pumps may be dispensed with.

Sec. 4. Every passenger steam vessel shall have two boats, one a life boat, made of metal; every vessel of more than 500 tons, and less than 800 tons shall have three; every vessel of more than 800, and less than 1500 tons, six; but steamers navigating rivers only are exempt from carrying more than one life boat, provided they have such other provisions for the preservation of life as satisfies the inspectors.

Sec. 5. Every vessel shall have a life preserver and a float for each passenger, and 25 fire buckets and 5 axes. A vessel of 600 tons shall have five buckets and one axe for each 100 tons, decreasing as the tonnage increases—so that a vessel of 3500 tons may keep but three buckets for each 100 tons, and one axe for every fire bucket. A sufficient means of escape from the lower to the upper deck shall always be at hand.

Secs. 7 and 8. No hemp shall be carried unless the bales are compactly pressed and well covered; neither shall any explosive burning fluids be carried as freight without license. The violation of these provisions incurs a penalty of of $100 for each offence. Any body putting on board explosive materials, without labelling it on the outside, shall be punished by a fine not exceeding $1,000, or by 18 months imprisonment.

Sec. 9 provides that two inspectors shall be appointed in a district, one of whom shall judge of the hulls of steamers, and be called the inspector of hulls; the other the inspector of boilers, both are to be approved of by the Secretary of the Treasury. Upon a written demand of the master or owner, they shall, once a year, inspect the hull and boiler of each vessel within their district, and see whether it can be navigated with due regard to the safety of passengers' lives. For this purpose they can subject the boilers to a moderate hydrostatic pressure, and shall satisfy themselves that all the pipes and tubes are of proper dimensions; that there is a suitable number of safety valves and guage-cocks; a water guage and steam guage, and that there is placed metal, fusible by the heat, in or upon the flue of each outside high pressure boiler. That upon the examination of every vessel, they shall report to the commissioner of the district its sea-worthiness, and whether proper provisions are made for extinguishing fire should it arise. Any man, wishing to fill the situation of engineer, shall undergo an examination before these inspectors, who, if they deem him competent, shall give him a certificate to that effect. They shall also examine pilots; any body feeling aggrieved by their decision may appeal to the supervising inspector within thirty days; any master employing a pilot, and any pilot undertaking the duties of that situation, without first receiving the necessary certificate, shall forfeit $100 for each such offence. Besides the annual examination of steamers, an inspector may at any time examine such steamer as he thinks not sufficiently secured against accident, and prohibit any further navigation with it, until the repairs he recommends are made. His decision, however, to be revised by the local board of inspectors, and finally an appeal may be made to the supervising inspector. Inspectors have the power to summon witnesses, and may compel their attendance, as is done by courts of law. Pilots and mates are also obliged to assist them in making examinations.

Secs. 12, 13, 14. If the master of a vessel shall, by any device, subject the boiler to a greater pressure than is allowed by certificate, it shall be held a misdemeanor, and he may be fined $200 and imprisoned 18 months. If the water fall below three inches above the flue through the connivance or otherwise of the master, he and also the engineer, shall be liable to a fine of $100. All steam boilers shall be constructed of stamped plates, the material of which shall have been examined by the inspectors, in order that suitable metal may be used.

Sec. 20. Provides that the President shall appoint nine supervising inspectors who shall meet for consultation at least once a year, each inspector to have $1500 a year for his services, besides travelling expenses.

Secs. 21 and 22. The supervising inspectors shall see whether the local boards perform their duty, and if not, report them to the Secretary of the Treasury.

Sec. 25. Every master shall have two copies of his certificate, one to be hung up in a conspicuous place for the passengers to see it, the other to retain himself.

Sec. 28. If from darkness, fog, &c., the pilot or engineer warns the master that further navigation is dangerous, the latter by persisting, incurs the expense of any damage that may arise from consequent injury to passenger's baggage, &c.

Sec. 29. The inspector shall establish rules to be observed by vessels in passing each other, which masters are bound to obey, under a penalty of $30.

Sec. 31. The Collector of Customs for the district shall receive from the owners of vessels, as compensation for inspection, for a vessel of 1000 tons $35; for one of 500 tons $30; under 500, first $5, and afterwards $1 for each.

Sec. 34. The inspectors shall be provided with instruments by the Secretary of the Treasury.

Secs. 35 and 36. Every master shall always have for inspection, a list of his passengers, and shall also have two copies of this act which a passenger may demand to see at any time.

Sec. 38. Engineers and pilots before entering on their duty, shall make oath, before the inspector, to perform it faithfully and honestly.

This act shall not apply to public vessels, nor steamers used as "ferry boats, tug boats, towing boats for navigating canals."

The Proper Answer.

Messrs. Thomas Williams, J. A. Elmore, F. R. Flewellen, T. J. Deyampert, and S. D. J. Moore, who were appointed a Committee by the Convention of the Southern Rights Party of Alabama in July last, to address the nominees of the Baltimore Conventions, and sound them on their views on the Southern Rights questin, have published a report of their proceedings in the Montgomery (Ala.) Journal, of August 25th. They addressed Messrs. SCOTT and GRAHAM, PIERCE and KING, and received from General SCOTT the following letter:—

Washington, July 20.

GENTLEMEN:—I have the honor to acknowledge your letter of the 14th inst., in which you desire my answers to a number of political interrogations.

I beg leave to reply that, in my answer to the President of the late Whig National Convention, I made the only declaration of political opinions that I expect to make during the present canvass for the Presidency of the United States.

With great respect, I am, gentlemen, your obedient servant, WINFIELD SCOTT.

Neither of the other gentlemen were heard from by the Committee, who not relishing General Scott's reply, have given the Convention notice to meet again on the second Monday of this month, in Montgomery, to nominate a ticket after their own heart.

LAUNCH.—A new and beautiful vessel was launched last evening from the ship yard of A. Miller & Co., which was named the "Belle Sheridan," by Mr C. M. Canfield of this city, who presented her with a suit of colors. The Belle Sheridan was built for Mr. Sylvester Doolittle, and Theodore Irwin of this city, and is without exception one of the finest built vessels ever launched at this port. Her dimensions are 121 feet keel, 23 feet beam, 10 feet hold, and measures 294 tons, and is capable of carrying 13,000 bushels of wheat. We notice upon her deck one Talcott & Canfield's patent capstans upon the cover of which the name of the vessel is handsomely engraved.—*Oswego Times.*

R. R. V. U. Rail Road.—A considerable amount of Iron belonging to this road has arrived, at this place, and the workmen are laying it down as fast as the number of hands employed can do it. We hear it stated that some 160 rods of track is completed.

OUR STREETS.—The work of planking our streets is progressing finely and will be completed in a short time.—*Fond du Lac Journal.*

City Matters.

Turn Out To-night!

We invite the attention of all our readers to the call for a Rail Road meeting at the Market Hall this evening at 7 o'clock. The object is to consider the policy of loaning the credit of our city in aid of the Milwaukee and La Crosse Rail Road. It is highly desirable that the meeting should be fully attended and the subject fairly discussed.—Turn out, then, one and all to the meeting to-night.

CIRCULATING LIBRARY.—An advertisement in our paper to-day calls attention to the Circulating Library which Messrs. Arnold & Wilson opened this morning. The Library is well worth an examination. About the most interesting minutes which we have spent during a few days past were spent in looking over the volumes upon its shelves and recognizing and greeting old friends in the book way, long ago out of print.

We like the enterprize which Messrs. A. & W. have embarked in, very much. It cannot but please the public, and benefit its projectors.

AMERICAN WHIG REVIEW.—The September number of this excellent monthly is received.—Whatever complaint some of its Western readers may have had last Spring, as to the partiality of the Review for certain interests, there is no such cause now, and it enters ably and warmly upon the canvass.

Capital portraits of Wm. R. GRAHAM, and GEO. ASHMUN, grace the number before us.

☞ Mr. P. W. BADGLEY, at 103 and 105 East Water Street, invites attention in our advertising columns this morning, to his choice and extensive stock of groceries. Give him a call.

HORTICULTURAL EXHIBITION.—We understand that the next exhibition of our Horticultural Society, which is appointed for the 10th instant, will be held at Gardiner's Hall.

PROPELLER BUFFALO.—It seems the Propeller Buffalo, Capt. Conkey, arrived at Buffalo on Monday evening last, with the largest load of grain ever taken to that port, says the *Express,* having 33,152 bushels of oats and grain, with rolling freight amounting to 556 tons. She made the run from Milwaukee to Buffalo inside of four days and a half.

☞ We invite the attention of our readers to the advertisement of *Ayer's Cherry Pectoral* in the columns of our paper, as a remedy of the first importance to the community. The certificates published in its favor are not from unknown names, but from eminent and widely celebrated men. Statesmen, Professors, Clergymen and Physicians give their strong assurance that this new medicine for the cure of pulmonary disease, can be relied on with confidence by the afflicted for relief, and we truly hope its results in our section, will sustain their conclusions elsewhere.

WORTHY OF ALL CONFIDENCE.

DR. STORM'S CELEBRATED SCOTCH COUGH CANDY.—No medicine ever invented has gained more popularity than this, nor is there any more deserving of it. There are so few compounds worthy the high merit claimed for them, that when one which is really destined to benefit the afflicted is put forth, we are slow to believe our most intimate friends when they praise it. But Storm's Scotch Cough Candy is sold at a price so low, it must be evident to all that if it did not sustain a good reputation, enough would not be sold to pay for advertising. Almost every person that uses this article according to direction will feel justified in recommending it to others, it needs but a small outlay of money and time to satisfy the most sceptical that it is worthy of all confidence as a remedy in diseases of the Chest and Lungs.

Price, One Dime per Roll; 3 Rolls for 25 Cents; or $1 per Doz.

A handsome engraving of the Scottish Coat of Arms, and the written signature of Hamilton Wade, (proprietor) is on the outside wrapper of each roll or package.

☞ Hundreds of our citizens complain of debility and languor of the system, derangement of the liver and stomach, want of appetite, &c.; they are frequently the result of too close application, and a thousand other causes we cannot here name; but we would say to all so afflicted do as we have done—get a bottle or two of Dr. Hoofland's German Bitters, prepared by Dr. Jackson, and, our word for it, you will be cured. We recommend this medicine knowing from experience that it is much superior to the generality of patent medicines. We would say to our readers, purchase none unless prepared by Dr. C. M. Scott in Wisconsin.

FROM all we can learn, the Presidential canvass gathers fresh energy in Wisconsin with the rising and setting of every sun. The enthusiasm is most all for SCOTT and GRAHAM. There are a host in this State that served in battle under SCOTT, and now they want to serve as civilians under a government for four years with him at the head. That same kindred feeling that elected Generals Washington, Jackson, Harrison and Taylor to the Presidency, is not smothered in the human heart there; is enough of the same stuff left to elect Gen. SCOTT, in spite of all the party cement this side of New Hampshire. Gratitude is acknowledged to be due Gen. SCOTT—and all the exemption laws in the world won't exonerate the honest man from paying his debts of gratitude. When the soul says hurrah for SCOTT, it's the easiest thing in the world for the fingers to drop a slip of paper into the ballot-box, to make him President; and that is the way he will get lots of votes in Wisconsin.—*Grant Co.: Herald.*

WISCONSIN RIVER IMPROVEMENT.—We learn from Hon. Wm. Richardson, one of the Commissioners of the Board of Public Works, for the improvement of the Fox and Wisconsin rivers, that the Board assisted by the Chief Engineer, have completed their examination of the Wisconsin river; and find that only a small outlay of public money is needed to make that river render threefold the service that it now does. The removal of four or five obstructions will allow boats of any class now plying on the upper Mississippi, to pass up the Wisconsin river above the Portage—even at the present low state of water; and what is better, the work, when done, will clear the river for years to come, and thus be an expenditure for a permanent object.

The improvement of the Wisconsin will be of incalculable value to the people along that river, and indeed to the agricultural and lumbering interest of almost the whole State, but more especially to those who are doing business at the river villages, and who depend on the river trade for a market and an outlet for the products of their industry. The lumber trade, at present taxed with difficulties and liabilities to entire loss, in consequence of a few narrows and two-heads, will be vastly benefitted; steam-boating will be encouraged; the price of freight diminished; and we might safely promise an abundant crop of advantages that will follow these little improvements.—*Grant Co. Herald.*

A STARTLING PREDICAMENT.—On Saturday, one of our citizens was on a visit to Canada and about the time the storm of that evening was coming on started in a carriage to return to the American side. When about mid-way of the "suspension bridge" the storm struck them with fury. The wind blew a perfect tornado, while the air was densely filled with driving hail and rain, and so potent was the wind that the bridge swayed laterally to and fro, ten or a dozen feet, making one dizzy with its vibrations. So appalling was the commotion that the horses stopped and finally fell upon their sides on the bridge, while the driver in the extremity of his terror, seemed incapable to make the least effort to move from the perilous spot. The inmates of the carriage could with difficulty keep their seats and for a short time expected nothing else but to be precipitated into the surging waters. A situation like this is too appalling for description, and we must leave it to the imagination to picture what the sensations of those in the carriage were during this frightful commotion of the warring elements.—*Rochester Advertiser.*

THE WAY IT WAS DONE.—Col. Benton in a characteristic speech at St. Louis, after his victorious election to Congress, states his method of conducting the canvass, as follows:—

"No low arts of electioneering—no begging for votes—no appeal to old services—no bowing and scraping—no whining and blubbering—no confessing and begging pardon, and promising not to do so again—no cringing to foes. But right ahead, hitting right and left—*knocking over compromises, platforms, caucusses, convention, regular nominations, fugitive slave law and all*; and despising every thing that jugglers contrive for the tenor of timid politician; armed with truth and courage alone; self-supported and relying upon the people; answering no questions and telling no lies; that is the way it was done."

Will the Hunkers of this State take notice how Benton treats their platform?—*Free Democrat.*

ACCIDENT AND ESCAPE.—Mr. George Stoner of this town, while out in his sail boat yesterday, was capsized in the middle of Fourth Lake, about three miles from shore. There was a large jug in the boat, which happened to be empty at the time & corked up; he seized upon this which buoyed him up until by swimming and floating he reached the shore. We have had to record the death of many victims of the jug; but this is the first instance which has ever come to our knowledge of a life being saved through that instrumentality. The secret of it probably is, that George is a Son of Temperance. If his jug had not been empty, he would undoubtedly have lost his life.—*Madison Argus.*

HAY.—The *Rondout N. Y. Examiner* of the 26th says: Hay is selling here already at $20s $22 a ton. The best grass land, heretofore has yielded scarce half a ton to the acre, and most farmers have hardly more than will winter their stock. Add to this the fact that the failure of the after grass growth for grazing will render it necessary to commence foddering earlier than usual, and the prospects of stock look bad. The grass failure is said to be even worse than here to the West of us. The result will be that stock must be sold off for a mere song, and we in Rondout, will probably be able to buy canal horses at the season's end at the worth of their hides.

☞ Report, have been widely circulated, and the opinion has obtained to some extent that our town is prevalent with that worst of all scourges, the cholera. We cannot imagine what object any persons can have, or what ground for circulating such malicious and false report. Some two or three weeks since we had three deaths in our town from what was supposed to be the cholera, but since that time none have occured of which the cause had the least resemblance to that disease. Eight deaths only have occured in Potosi during the last six weeks, two of whom were children. We are happy to state that the health of Potosi, at present, is as good as usual; there being only one case of sickness in town that we are aware of.—*Potosi Signal.*

THOMPSON'S BANK NOTE REPORTER also cautions the public against the shinplasters issued by the Merchants' and Mechanics' Bank of Chicago. It says:

"The Western papers call it a 'dangerous counterfeit.' 'Tis worse—'tis a device, a deception, a fraud, and the only way to avoid it is to refuse all notes on the Merchants' Bank of Chicago. We have quote it doubtful (D. D.) and dashed it in our list, and so long as the safety of our readers require this course we will persue it."

Public opinion is undoubtedly much opposed to the circulation, in this latitude, of the notes issued by the Washington (D. C.) Banks. In deference to that opinion the proprietors of the National Bank have decided to wind up; and are withdrawing the notes from circulation as fast as possible.—*N. Y. Tribune.*

☞ We regret to hear of the dangerous illness of C. C. Washburne, Esq., of Mineral Point. Dr. Newhall, of this city, was sent for to visit him Monday. His brother E. B. Washburne, is with him. His disease is understood to be, bilious fever.—*Galena Gazette Sept. 2nd.*

Gen. Scott's Humanity in Mexico.

The following article from Mansfield's Life of Gen. Scott, contains the correspondence with the Archbishop of Mexico:

In the mean while, a correspondence took place between General Scott and the Archbishop of Mexico, in relation to the Mexican prisoners, honorable to the humanity of both. Archbishop Juan Manual addresses General Scott, November 5th, thus:

"ECCLESIASTICAL GOVERNMENT OF THE
" ARCHBISHOP OF MEXICO,
Mexico, Nov. 5, 1847.

"MOST EXCELLENT SIR:—The respect which your Excellency has manifested to the Mexican church (of which I am the unworthy head,) in calling upon me, has induced me to take advantage of the favorable disposition of your Excellency, to ask a favor which will perpetuate your memory, and will make known to the faithful members of my diocese the feeling of benevolence which you entertain towards them.

"A multitude of fathers, wives, children, brothers, and other relations of the prisoners who are now confined under the order of your Excellency, loudly entreat their liberty; and the prisoners themselves vehemently lament the many evils which their confinement has brought down upon their families, who depend upon them for subsistence, and who, consequently, are reduced to misery, and in many cases to an absolute state of indigence. Were there any important political reason why these prisoners should not be liberated, I should not have been so bold as to ask it; but their number is small, and distributed, as they will be, in different parts of the republic, their importance must be insignificant. I ask their liberty, not only because it is a duty of my office, but my heart also impels me to solicit some real consolation for these unfortunate men, whom the fates of war have reduced to so lamentable a condition."

General Scott received this communication with great respect, and stated that at Vera Cruz and Cerro Gordo the Mexican prisoners were promptly and cheerfully *paroled* (that is, released on word of honor not to take up arms;) but that they had repeatedly violated their *paroles*; that of the officers taken in the valley of Mexico, but one remained in confinement, and he only because he asserted his intention to take up arms again; and that in regard to certain propositions for the release of certain American prisoners taken from the army of the Rio Grande, he had received only evasive replies. Notwithstanding these things, however, General Scott replies:—

"But the application of your grace comes to me under sanctions too high to be neglected.

"I therefore beg to say, that if your grace will have the goodness to appoint some dignitary of the church to visit the Mexican prisoners of war (rank and file, or common men), now confined in this capital, and explain to them the customs and usages of war in such cases, viz: that prisoners, released on parole, are always put to death, if taken in arms against the same belligerents before being duly exchanged, and add the solemn admonition of the church against the violation of their paroles, I will immediately, under that holy sanction, cause the said prisoners to be released *on parole*, so that they may return to their respective families, friends, and peaceful occupations."

The Archbishop replies (December 16) that he will fulfil all the conditions; and that he will "personally administer the requisite oath."

The Reason Why.

A citizen of South Bend, Indiana, seeing a statement that Mr. Witherell, of Cleveland, Ohio had left the Locofoco party, to enlist under Gen. Scott's banner, addressed him a letter to know if it was true. The following is the reply:

CLEVELAND, O., August 9, 1852.

DEAR SIR:—The statement to which you refer is correct. I *am* a Scott man, and I have always *heretofore* been an uncompromising Democrat.—Such I am now, but when the Democratic party, forgetting those principles which should guide it, arrays itself against the best interests of our country, I do not feel myself bound by its action.

I supported Scott because he is the representative of three great principles, which are Democratic, namely: Governments ppropriations for Internal Improvements; a Tariff for revenue affording protection to American industry; and obedience to all the compacts of the constitution but opposition to the extension of Slavery into free territory.

Upon all these questions I find Gen. Pierce wrong upon the record; and by his votes always opposing protection to the Mariner, the Mechanic and the farmer, and the right of petition and of freedom.

For these reason I support Winfield Scott, and *with a score* of neighbors and friends, *heretofore active, working Democrats*, shall do all in my power for the election of that well tried patriot to the Presidency in November.

You are at liberty to use this letter as you think best, and believe me, in the support of Old Chippewo, truly yours, GEO. WITHERELL.

German Meeting.

Pursuant to public notice, that Mr. A. Roesler of Milwaukee, Editor of the "*Stimme der Wahrheit*," would deliver an Address in the German language, to the citizens of Kenosha, a large number of our German Citizens assembled at the School House in the North Ward, on Friday Evening the 27th ult. On motion Peter M. Simon was called to the Chair, and H. F. Schoff was appointed Secretary. Mr. Roesler being introduced by the Chairman, to the Meeting, proceeded with his Address, which occupied about an hour and a quarter, in the delivery. It is admitted by all present, to have been a very able effort, and that he treated all the subjects upon which he commented, with fairness and candor. Judging from the general expression of his hearers, who understood the German language, his speech was regarded as able, eloquent and efficient. We wish we could give the address entire, to our readers, but we can only refer to the heads of his remarks. He commenced with the positions and general principles of the two parties, and explained the wrong impression that many of his countrymen have entertained in believing that the so called Democratic party, was the party of of the people; and the Whig party in favor of monarchy—while the fact was that both parties were in favor of a Republican Government, and were only divided upon questions of internal policy. He proved that the present Pierce and King "Democracy," were not entitled to the name; that they were peculiarly the slavery party, upholding the slave interests of the South; and that the great strength of that party, was in the Southern or Slave States, while the strength of the Whig party was mostly in the Northern, or free States.

He then spoke of the Protective Tariff, and showed the benefits resulting from Home Industry and Manufactures—the Whigs being in favor, and the Democrats opposed to that measure. He next came upon the question of Internal Improvements, which are opposed by the Pierce & King party, and supported by General Scott and the Whigs—and set forth the justice and necessity of these improvements, and the benefits resulting from Harbor, River and other Improvements in the West.

He then contrasted the two candidates, Winfield Scott and Franklin Pierce, their respective positions, services and merits for the station for which they are nominated, and paid a glowing tribute to the exalted character and distinguished services of Gen. Scott. He exposed the false charge made against Gen. Scott, by his political enemies, of being opposed to the naturalization of foreigners, and proved conclusively that Gen. Scott was not only in favor of the present naturalization laws, but that he had proved himself, by many acts during his long public career, to be the true friend of foreigners and adopted citizens.

We do not pretend to give the language of the speaker, but only a few of the ideas advanced.—We observed, that during the address, every allusion to the "Old Hero" was received by the meeting, with enthusiastic applause.

After the close of the address, it was on motion,

Resolved, That for the benefit of those present who do not understand the German language, Mr Roesler be solicited, if convenient to furnish a copy of his speech in English, for publication in the Milwaukee Sentinel. And on motion it was further,

Resolved, That the thanks of this meeting are hereby tendered to Mr. Roesler, for his visit to us, and for his able and eloquent address this evening.

"And the meeting adjourned with three cheers for Gen. Scott, three for the speaker, and three more for the "Old Hero of Lundy's Lane."—*Kenosha Telegraph.*

NEW JUDICIAL TICKET.—The convention at Madison on Wednesday last recommended Hon. E. V. Whiton for Chief Justice, Marshall M. Strong and James H. Knowlton for Associate Judges. Judge Whiton was nominated without the formality of a ballot, no other name being thought of. This was, unquestionably, in accordance with the public sentiment, which had been too plainly expressed to be mistaken. The selection of Messrs. Strong and Knowlton, though made with less unanimity, was cordially concurred in, and the ticket goes to the people with the prestige of a triumphant election.—*Janesville Gazette.*

S. JOHNSON, JR.,
No. 151, East Water St., Milwaukee, Wis.

THE SUBSCRIBER has now on hand, and is constantly receiving his supplies, selected by himself from the stocks of the largest Importing, Manufacturing and Commission Houses in New York, Boston, Philadelphia and the Southern Market.

His arrangements are so perfected for purchasing, as to defy competition; and it will at all times give him pleasure to exhibit

THE QUALITY AND VARIETY OF HIS STOCK,

And by giving his prices, convince dealers of the truth of the assertion.

The Wholesale Department
OF HIS ESTABLISHMENT

Has been very much enlarged the present season, to enable him the better to attend the increasing demand in this branch of business.

DETERMINED TO REDUCE

During the present year, and for that purpose he offers inducements to purchasers that cannot fail to command attention.

Having been appointed agent for the sale of GOULDING'S SURGICAL INSTRUMENTS, he will have on hand, at all times, a full supply, which will be sold to Physicians and Dealers at New York prices.

GENTLEMEN'S FURNISHING GOODS.

They are confident in view of their very superior and unsurpassed facilities for the purchase of goods in the Eastern markets from cash auctions, importers and manufacturers, in all cases from first hands, one of the firm residing and superintending the business of their concern in Philadelphia, that they are not only able, and do buy their goods from 20 to 25 per cent cheaper than most houses in the city who buy on credit, and of jobbers, but they are able and are determined to sell that much lower. They deem it superfluous to attempt, as it is impossible to enumerate the articles that comprise their stock, which in extent is unrivalled by any similar establishment west of the Atlantic cities.

To their friends and customers, and those who know them, it is needless to say anything, but to strangers who are in want of articles comprising their stock, they will say, call on us and let us show you the great inducements we are able to offer; we will give you polite and respectful attention, with better bargains than you are able to get elsewhere. The most perfect satisfaction is guaranteed in all cases to those who deal with us.

Packing, Flour and Whiskey
BARRELS,
and PIPES or HOGSHEADS, at the rate of
600 Whiskey or 800 Flour Barrel Staves

straight, winding or crooked. In fact, any stave that can be worked by hand will be dressed by this machine, either for tight or slack work from 22 inches to 72 inches in length of any reasonable width, and *to any requisite bilge*, and in the most perfect manner. The stave passes through the machine a single time, is dressed by rotary cutters and is them ready for the truss hoops. The dressing of the sides and jointing of the edge of the stave is performed perfectly. The machine is made of iron, is strong and durable, and is not difficult to keep in good order for use. Six horse power is sufficient to drive the machine with all the speed necessary.

The Subscribers having purchased of Wm. Hawkins the patent right for the United States are prepared to sell rights for States, Counties, or for running single machines and to furnish and set up the machines, warranted to perform perfectly. In the great saving of expense of transportation of dressed over the rough stave, the rapidity and perfect manner with which it performs its work, consists the value of this machine.

Satisfactory testimonials can be furnished if desired.

JAMES B. HICKEY, late of the City of Cincinnati, has permanently located in Milwaukee, for the purpose of carrying on the Horse-Shoeing Business, not to be beat by any Shop in the City; for with 21 years' experience in some of the best shops in the Union, he feels confident when he asserts that he cannot be beat. Citizens of Milwaukee and vicinity, to be convinced of the truth of my assertion, and have their Horses properly attended to, so as not be maimed, interfere, &c., had better call and examine for themselves, for they will have their work done as I say, and at $1 per set for Plain Shoes; Extra Shoes $1,25; Bar Shoes $1,00 per pair; Sandals $2,50 per pair; and all other work to suit the times. Don't forget to call at the OLD STAR HORSE-SHOEING SHOP, on Huron, between Milwaukee and Jefferson streets.

THE TRIBUNE.

SCOTT Leads the Column!—Forward!

'Now, brothers, now is the hour!'

THE publishers of THE NEW YORK TRIBUNE proffer copies of their regular and full Weekly issue (eight large pages, each six columns, of Literature, Politics and News,) for the remainder of the Presidential Campaign, commencing with the 7th of August and closing with Nov. 25th, when we confidently hope to announce their triumph,—on the following terms:—

1 copy for the 15 weeks	....	$0 37½
6 copies, to one address	....	2 00
10 copies do do	....	3 00
25 copies do do	....	7 50

Payment in all cases to accompany the order.

The selection of WINFIELD SCOTT for President and WILLIAM A. GRAHAM for Vice-President, has gratified our ardent wishes and strengthened our earnest hopes. Our conviction has long been fixed that Gen. SCOTT is the very man fitted and marked out by his heroic achievements—his inestimable services, at critical periods, in preserving our National tranquillity and preventing the effusion of blood—by his unquestioned integrity, his self devoting patriotism, his unsectional position and his humanity—to unite the Whig Masses in one enthusiastic, invincible host and lead them on to victory. So believing, we have labored and hoped for his nomination, and we now confidently look to the result to justify our sanguine anticipations.

THE TRIBUNE, standing on its own Platform and knowing no other authority but truth, will do its utmost for the election of SCOTT and GRAHAM; but it will not be absorbed by Political discussion. We have chosen to proffer Campaign subscribers a large sheet rather than a small and cheaper one, because the postage is the same, and because we wish to extend the knowledge of what THE TRIBUNE habitually is. The letters of our Associate, BAYARD TAYLOR, who next writes us from Syria, the ruins of Nineveh, Constantinople, &c., will appear every week, with reviews of new Books, Proceedings of Congress and the general Foreign and Domestic News of the Day. If there is another journal in America more valuable or interesting than THE TRIBUNE, it is not because more money or labor is spent thereon.

All the Editions of THE TRIBUNE are printed in large Quarto form, on a sheet 31 by 42 inches, showing eight large and compact pages of reading matter. About half the Daily is devoted to Advertisements, very few of which appear in our other issues. No ten dollar daily in the world contains more reading matter than THE TRIBUNE, which is afforded at $5 per annum, or $1½ for three months.

SEMI-WEEKLY TRIBUNE:
One copy (per annum) $3; Two do. $5; Ten do. $20.
WEEKLY TRIBUNE:
One copy (per annum) $2; Three do. $5; 8 do. $10; Twenty do. (to one address) $20.

*** Payment is in all cases required in advance.

Subscriptions for THE CAMPAIGN TRIBUNE, or either of our regular issues, are respectfully solicited. All notes of specie paying banks taken at par and may be remitted at our risk. Please address

H. H. RAYMOND'S Spherical Disinfecting Fluid,

FOR purifying the air of sleeping and sick rooms, cabins and holds of ships, particularly for passenger ships, at sea or in port, prisons, jails, crowded rooms in general, from offensive, close and infectious air of all kinds, including the infectious spheres of cholera, ship, typhus, yellow, bilious, scarlet and other fevers of our own or Southern and Western climates, in cities and towns, on land and water. Also, for disinfecting the bodies, clothes, and trunks of persons who are in or have been in the atmosphere of infectious diseases.

This fluid is healthy to breathe or take internally, and instead of filling the room with a choking, irrespirable air, as the chloride of lime and other chemical preparations in use do, it makes the whole air sweet and salubrious, and at the same time strengthens the respiration and enlivens the spirits of those present, by its balmy, fragrant and tonic influence.

THE WORLD'S FAIR PREMIUM SAFES.

Green Block, Water St.,
(Between Maiden Lane and Wall Street;)
NEW YORK.

THE SUBSCRIBER PLACED HIS FIRE AND BURGLAR-Proof Iron Safe in competition with the whole world at the great Exhibition in London, for which an impartial jury awarded a medal.

The American Fair, held last fall at Castle Garden, also awarded to him a gold medal for the best Fire-Proof Safe, and he has never failed to obtain the highest premium when his Safe has been put in competition with others for that purpose. Certificates have been received from the following well-known mercantile houses, who have had their books, papers and money preserved in these superior Safes, within the last thirty days, (and can, with many others, be seen at my store,) viz. Messrs. Stillwell & Montross, and Mr. J. L. Watkins, in the Fulton Street fire; Messrs. Fisher & Robinson, and Messrs. John Lockwood & Co., in the great fire corner of Liberty and Nassau Streets, and Messrs. Proud & Bowman, in Jersey City.

I am the proprietor of HALL'S PATENT LOCK, which obtained a medal (in the name of Adams & Co., Boston,) at the World's Exhibition, and is considered the best Lock for the price, ever invented, being proof against powder, and the Key is no larger than a cent, and can be made changeable.

I invite all purchasers to a close and careful investigation before purchasing, and decide for themselves, who makes the best Fire, Burglar and Damp-Proof Safes combined.

IMPORTANT TO THE PUBLIC!

THE following advertisement was published in May, 1849, in the "Boston Daily Times," and various other newspapers in the United States, by James G. Wilson, Esq., the owner of the "Woodworth Patent," shortly after I had advertised my "PATENT STATIONARY CUTTER, PLANING, TONGUEING, AND GROOVING MACHINE," throughout the United States:

"PLANING MACHINES.

"I take this method of answering the frequent inquiries, by letter and otherwise, as to my opinion upon the various notices through the papers, of the Stationary Knife Planing Machines attempted to be palmed off upon several persons ignorant of their true worth. I would state for the information of the enquirers that they will find substantially the machine now offered by several pretending inventors, described in the 10th volume of the Repertory of Arts, invented by Samuel Bentham, in the year 1791. A like machine was patented in this country by one Kugler, some sixteen years since, and another one put up by Albert Richards, of West Troy, N. Y., and abandoned about the same time. It ought to satisfy the public to know that after fifty eight years experimenting upon these machines, not one in use is of any value for the purposes contemplated.

I will furnish a Stationary Knife Machine equal to any now in use, or to any offered by the pretending inventors, at the cost of the machine and five per cent for my trouble.

JAMES G. WILSON,
Philadelphia."

May 19, 1849.

I deny that any person ever saw or heard of such a machine as mine until I invented the same. Said machine was operated in the month of August, 1848, and no machine before this could do so much work, and do it as well as mine. In reply to the above advertisement, and in order that the public may be assured that I mean what I say, I will offer to pledge ONE THOUSAND DOLLARS against an equal amount from said Wilson, that ONE of my machines will plane, or plane, tongue and groove with less power, as much lumber in the same time, and do it as well, or better than TWO of the "Woodworth" machines. The trial to be made at my Steam Mill, Border St., East Boston, Mass., or at such other place as may be convenient for such a trial.

JOSEPH P. WOODBURY,
August 20, 1851.-dly East Boston, Mass.

SPINAL COMPLAINTS, STIFF JOINTS, STRAINS, BRUISES, CUTS, WOUNDS, FROST BITES, CHOLERA MORBUS, DYSENTERY, TIC DOLOREUX, and all other complaints where there is severe pains, RADWAY'S READY RELIEF will instantly stop pain, and quickly cure the disease.

THE HUMAN FRAME

Is the most perfect masterpiece of mechanism in the universe. Every artery, muscle, ligament and bone, exhibits in its formation the wisdom of the Deity. Every joint and sinew works harmoniously with each other, and upon the natural performance of every function depends the healthful action of the whole.

PAIN

Disorganizes the whole system, it prostrate the nerves, it relaxes the muscles, it weakens the joints, it interferes with the functions of every organ, it checks the free and healthy circulation of the blood, it paralizes the absorbents, and renders them unable to take up and replete the wasted form with sound material. From the very moment that this beautiful masterpiece of God becomes afflicted with pain, the influence is experienced throughout the whole system, no matter in what particular locality the pain may originate; whether in the Head, the Feet, the Back, the Knee Joints, the Elbows, the Teeth, the Gums, or the Stomach; whether it arises from internal derangement, or is the result of external injuries, still the pain exercises its influence throughout every portion of the human system.—Not a nerve or a muscle escapes its prostrating influence.

INSTANT RELIEF FROM PAIN

Is the great desideratum of every individual who suffers its tortures, no matter how light or severe its paroxysms may be. No one can feel happy while suffering its torments.

RADWAY'S READY RELIEF
In a few seconds
WILL STOP THE MOST DISTRESSING PAINS.

Its effects are like electricity; it arrests the most distressing pangs in a few seconds, its soothing, neutralizing and healthful influences thrill through every minute cell, membrane, and establishes the secretion of every gland in the system, subduing the most excruciating paroxysm of pain, and imparting strength and vitality to every organ.

NEURALGIA.
PAIN STOPPED INSTANTLY.

Radway's Ready Relief possesses an almost miraculous influence over the sharp darting pangs of pain of this cruel complaint. In a few minutes the pain-stricken sufferer experiences the delightful sensations of departing pain. It has cured thousands of cases in the city of New York, where many of them had been brought almost to death's door. The effects of the Ready Relief is to stop the pain immediately, to strengthen the nervous system, and supply the nerves with nervous energy and vitality, the loss of which is the chief cause of nervous pains.

DANGEROUS PRACTICE.

The use of Morphine, Strychnine, Aconitine, Belladonna Arnica, and other poisons are not only dangerous but cruel. The effect of these poisons is not to cure the disease, or to remove from the system the pains, *but to deaden the nerves, to weaken and stop the nervous energy, to paralyze the functions of the nervous system, and to destroy sensation.*

If this practice is continued for any length of time, the patient will not only waste away, but the brain will become paralyzed, and the intellect destroyed.

RADWAY'S READY RELIEF
IS FREE FROM MORPHINE,

And all other dangerous and narcotic influence. To the weak and paralyzed nervous system it imparts life instead of death, and the pain is stopped by the healthy influence which Radway's Ready Relief imparts to the nerves, instead of the lifeless, sleepy and paralyzing effect which Morphine, and all other preparations containing this poison, produces on the system.

SICK HEADACHE.

Radway's Ready Relief will stop the most distressing pains in a few minutes, and prevent renewed attacks. It will cleanse and sweeten the stomach, and neutralize the poisonous acids of the system.

ALL BOWEL COMPLAINTS,

Diarrhœa,	Dysentery,
Bloody Flux,	Cholera Morbus,
Painful Discharges,	

It relieves the most severe pains in a few minutes—checks the most distressing discharges, and

SPEEDILY REMOVES THE CAUSE.

RHEUMATISM.
PAINS RELIEVED IN FIVE MINUTES.

Radway's Ready Relief will stop the severe and excruciating pains of Rheumatism almost instantly. Persons are living in this city who, for months, were confined to their beds by Rheumatic pains, whose bones were unsound from top to toe, whose joints were distorted with painful swellings, that were relieved from all pain in 15 minutes by the use of Radway's Ready Relief. This is truth, and thousands in the city of New York and hundreds of thousands in the United States, can answer for the truth of this assertion—we need no certificates of Cures—we publish no long list of names to prove the efficacy of Radway's Ready Relief, for the Citizens of almost every town in the Union, for the last four years, have tested it for themselves.

CHILL FEVER.
CHILLS STOPPED IN A FEW MINUTES—PAIN RELIEVED INSTANTLY.

Radway's Ready Relief acts like a charm in all cases of Chills and Fever. It breaks the chills immediately—warms up and invigorates with health and strength every organ and secretion of the system.

PAINS OF ALL KINDS.

Whenever you feel pain, apply Radway's Ready Relief—it is sure to relieve you in a few minutes. If you have pains in the Stomach, Intestines, in the Liver, Kidney's, Bowels, Joints, Bones, Radway's Ready Relief, taken either internally or applied externally, will in a few minutes stop pain and quickly remove its cause.

BEAUTY.

Complexion richly tinted with the bloom of health,
With skin as pure and fair as Parian marble,—
Soft and sweet as the fragrant rose—
Teeth as sound and white as alabaster,
Breath of sweetest fragrance, and lips of coral tint,
With flowing ringlets and glossy locks,
Luxuriant tresses dancing gracefully o'er the swan like neck
No dark repulsive spots to mar the pleasing picture,
Or to cast dull shadows o'er beauty's master piece.

RADWAYS MEDICATED SOAP.

Composed of the most delicious, rare and fragrant gums,
Of extracts, oils, and costly essences—
Of flowers, roots, trees, and oriental plants,
Possessing wondrous virtues o'er skin diseases.

TO THE COMPLEXION IT IMPARTS BEAUTY.

By cleansing the skin from all eruptive matter,
Makes clean the pores, gives action to the capillaries,
By which all poisonous humors are ejected,—
And a healthy action to the skin restored,
To the teeth it gives whiteness and prevents decay,
It makes the skin soft, sweet and smooth,
Transforms the most repulsive and disfigured visage,—
To a clear and beautiful complexion.

RADWAYS CIRCASSIAN BALM.

Imparts nutriment to the hair,—
Makes it strong, glossy, rich and luxuriant,
Cleanses the scalp from dandruff,—gives action to the bulbs,
Fastens the hair upon the scalp, and forces it to grow—
Like guano to a barren soil, it makes it rich and productive,—
To dress the hair, make it smooth and glossy,—
Strong and beautiful, &c.

Radway's Circassian Balm is the "ne plus ultra."

This make of Scales is warranted fully equal to Fairbanks' in every respect, and is in fact the only Scale bro't directly into competition with them.

We wish it distinctly understood, that we are prepared, and will make good, every assertion made relative to the Scales of Duryee, Forsyth & Co., as we are aware great efforts are made by Agents of other manufacturers to disparage them.

DR. HOOFLAND'S CELEBRATED GERMAN

Prepared by Doct. C. M. Jackson,
AT THE GERMAN MEDICINE STORE,
120 Arch-st., Philadelphia.

Their power over the above diseases is not excelled, if equalled, by any other preparation in the United States, as the cures attest, in many cases after skillful physicians had failed.

These Bitters are worthy the attention of invalids. Possessing great virtues in the rectification of diseases of the Liver and lesser glands, exercising the most searching powers in weakness and affections of the digestive organs, they are withal safe, certain and pleasant.

READ AND BE CONVINCED.
(From the Boston Bee.)

The Editor said, Dec. 3d: "Dr. Hoofland's celebrated German Bitters, for the cure of Liver Complaint, Jaundice, Dyspepsia, Chronic or Nervous Debility, is deservedly one of the most popular medicines of the day. These Bitters have been used by thousands, and a friend at our elbow says he has himself received an effectual and permanent cure of Liver Complaint from the use of this remedy. We are convinced that, in the use of these Bitters, the patient constantly gains strength and vigor, a fact worthy of great consideration. They are pleasant in taste and smell, and can be used by persons with the most delicate stomachs with safety, under any circumstances. We are speaking from experience, and to the afflicted we advise their use."

SCOTT'S WEEKLY,

One of the best literary papers published, said, August 25
"DR. HOOFLAND'S GERMAN BITTERS, manufactured by Dr Jackson, are now recommended by some of the most prominent members of the faculty, as an article of much efficacy in cases of female weakness. As such is the case, we would advise all mothers to obtain a bottle, and thus save themselves much sickness. Persons of debilitated constitution will find these Bitters advantageous to health, as we know from experience the salutary effect they have upon weak systems."

The Daily Sun says:—"It is one of the best medicines of the age for Jaundice and Liver Complaint."

Neal's Gazette says:—"Dr. Hoofland's German Bitters we know to be an excellent article, fulfilling in every respect what is claimed for it by the advertiser."

The Evening Bulletin says:—"The celebrated German Bitters are said to be an invaluable remedy for Jaundice, Dyspepsia, and Nervous Complaints."

"The Daily News, July 24, says:—"A Medicine"—We speak knowingly of Dr. Hofland's celebrated German Bitters, when we say it is a blessing of this age, and in diseases of the biliary, digestive and nervous systems, it has not, we think, an equal. It is a vegetable preparation, and made without alcohol, and to all invalids we should recommend it as worthy of their confidence."

The Dispatch says:—"As a medicine for Liver Complaint, Jaundice, Nervous Debility, and Dyspepsia, it has been found invaluable, effecting cures, and thoroughly eradicating disease, when all other medicines have failed."

That this medicine will cure Liver Complaint and Dyspepsia, no one can doubt, after using it as directed. It acts specifically upon the stomach and liver—it is preferable to calomel in all bilious diseases—the effect is immediate. They can be administered to Females or Infants with safety and reliable benefit, at any time.

LOOK WELL TO THE MARKS OF THE GENUINE.

They have the written signature of C. M. JACKSON upon the wrapper, and the name blown in the bottle, without which they are spurious.

A Word of Caution to the Public!

Dealers in Pain Killer are cautioned against buying or selling a spurious article of Pain Killer, manufactured by White & Co. of Buffalo, which is a worthless imitation and the pamphlets a "BASE FORGERY" which will appear by comparing them with the Genuine. "The certificates are copied verbatim." The proprietor of the Genuine Perry Davis' Pain Killer will prosecute any person, engaged in selling this spurious article, and is determined to protect himself and the public from this "infamous fraud." Many unprincipled persons, to deceive the public, and for the sake of gain, have applied the name Pain Killer or something similar to their own compounds such as Pain Destroyer, Pain Killing Compound, a real Pain Killer, &c. &c. all of which have been got up on the reputation of Perry Davis' Pain Killer. The public are cautioned against these mixtures.
